

Electroformed Segmental Nickel Screens For Sugar Centrifugals

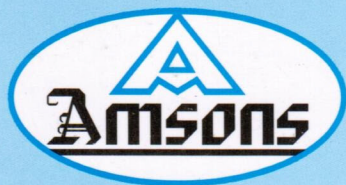

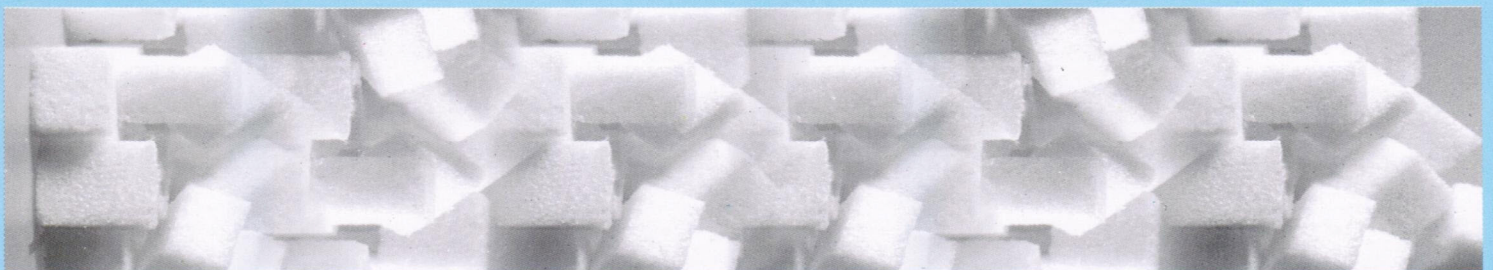

Amsons Industries

ELECTROFORMED SEGMENTAL NICKEL SCREENS FOR SUGAR CENTRIFUGALS

ADVANTAGES OF OUR SCREENS.....

- High ductility nickel screens with smooth and harder chrome deposit for good wear resistance to enhance the screen life in working condition.
- Corrosion free smooth working surface to avoid sugar crystal damage during operation.
- Perfect conical slots without burns clogging or blinding improves the filtration efficiency.
- Suitable dimensions, slot configuration and Orientation to suit different centrifugal manufacturers.
- Efficient sales service to satisfy the customers requirements.
